CERTYFICATE OF COMPETENCE

In the context of the project entitled:

**3M PSD (Phase 6) – the expansion and reconstruction of the PSD production plant in Wrocław,
Kowalska 143 Street, Poland:**

Surface of the expansion phase: 7.500 m²

(included: warehouse – 3.800 m², production plant – 2.900 m², offices – 800 m²);

Surface of the reconstruction phase: 2.450 m²

Parking – 95 cars;

The project was commissioned by **3M Polska Sp. z o.o.** to:

Biuro Realizacji Inwestycji “Alfa-Sai”

Norbert Paszkowski, Sienice 23, 58-210 Łagiewniki

with the following assignment:

Multitrade Technical Site Supervision (according to Polish construction code) at trades:

- Civil and construction works;
- HVAC works;
- Electrical works (low and medium voltage);

This assignment has been performed: **April 2013 – May 2014**

Included the following services in particular:

- Quality and technical controls of works (duties of “Inspektor Nadzoru Inwestorskiego” according to the Polish construction code);
- Control of works progress;
- Periodical HSE reviews of the construction site;
- Verification of applications for additional works;
- Participation at the commissioning phase (hand-over to the Tenant);
- Reporting to the Client;

The services carried out by **Biuro Realizacji Inwestycji “Alfa-Sai”** in the context of this assignment met our expectations and the work gave complete satisfaction.
